Cover Story

Leading the Way

To the benefit of the national transit industry and broader transportation sector, California public transit agencies build on a strong history of ZEB leadership by advancing zero-emission technologies and advocating for new resources.

From the Chair

Kate Breen

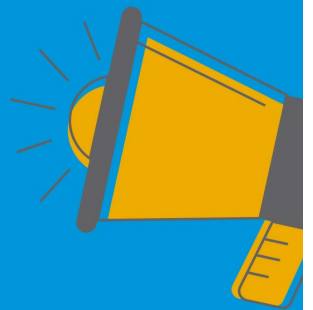

The California Transit Association's Chair shares recent Association accomplishments including funding relief; important progress towards advancing inclusion and diversity; and why it remains critical for all members to raise their voices in support of Association-driven initiatives.

On Board With...

Liane M. Randolph

In this installment of *On Board With...* Liane Randolph, California Air Resources Board Chair, talks about California's ambitious climate goals, the need for increased mobility options, how CARB can assist transit agencies in making continued progress on zero-emission targets, and the ways her past experiences have prepared her for the work ahead.
