Cover Story

One Event, Two Experiences

With an eye towards safety and a focus on the future, the California Transit Association's 56th Annual Fall Conference & Expo, presented by Proterra, marks its return to an in-person event with valuable discussions on emerging trends, best practices, and beneficial networking.

Featured Story

Tracks are for Trains

Each September California rail operators band together for Rail Safety Month in an effort to reduce train related tragedies. In this article, read how one BART employee recently saved a life and why Rail Safety Month has expanded to include a suicide prevention component.

Vaccinate ALL 58
Together we can end the pandemic.

On Board With...

Devra Selenis

With the 56th Annual Fall Conference & Expo weeks away, Devra Selenis, chair of the California Transit Association's Program and Conference Committee, explains what attendees can look forward to seeing, what COVID-19 mitigation protocols are planned, and why she is excited to have the conference take place in her community.
